### 3. Technical requirements

System(s) for crystal imaging has to fulfill following requirements:

A. General

- System, capable of storing and imaging at least 500 standard 96 well plates at room temperature (20°) and at least 150 standard 96 well plates at lower temperature (6-10°C).
- Visible light optics with camera.
- Controlling computer and software.
- Maintenance and training.

B. Storage area 1

- Storage of at least 500 different commercially available 96 well sitting drop SBS crystallization plates (specify).
- Storage cassettes for normal profile 96 well plates (for example Intelli-Plate 96-2 Original (specification is required).
- Loading ports, when required (specify).
- Scheduled imaging of the plates.
- Vibration isolation.
- Temperature stabilization from ambient temperature  $\pm 4^{\circ}\text{C}$ .
- Temperature stability  $\pm 0.5$ .

C. Storage area 2

- Storage of at least 150 different commercially available 96 well sitting drop SBS or linbro crystallization plates (specify).
- Scheduled imaging (specify it if needed).
- Storage cassettes for normal profile 96 well plates (for example Intelli-Plate 96-2 Original) or

- linbro plates (ratio 2:1) (specification is required).
  - Loading ports for normal profile 96 well plates (for example Intelli-Plate 96-2 Original) or linbro plates (ratio 2:1) (specification required).
  - Scheduled imaging of the plates.
  - Vibration isolation.
  - Temperature stabilization to 4°C ( $\pm 4^\circ\text{C}$  from the ambient temperature, when installed in a cold room).
  - Temperature stability  $\pm 0.5$ .
  - Operational in the cold room, when installed there.
- D. Optics
- Visible light optics.
  - 5 megapixel camera.
  - 12x zoom.

- H. Maintenance and support
- Additional service contract for 4 years, which includes labor, travel costs, shipping and software upgrades (specify to which extent and which hardware parts replacement are included).
- I. Additional
- Small footprint (specify the dimensions of the system – smaller sizes are desirable).
  - Noise load (specify the noise level – system generating lower noise is desirable).
  - Economical energy consumption (specify – lower energy consumption is desirable).
  - On-site installation of the system.
  - Basic on-site usage training for 7 people.
  - Basic on-site maintenance training for 3 people.
  - Barcode printer with labels.

#### 4. Award criteria and conclusion of contract

The Contracting Authority in accordance with the paragraph 48 Article ZJN-2 will classify the bids according to the criterion of the lowest price. The contracting authority will eliminate tenders which do not fulfill all the conditions of the contracting authority listed in the second (Complete range) and third points (Technical requirements) and will not be evaluated. The contracting authority has the right to exclude the offer from further consideration, if the offer is not made up as determined by the tender conditions.

The tender price must be expressed in Euros and not exceed **500000.00 Euros**, including VAT. All individual items of the price must be denominated in Euros. The final price should include all elements of its constituent, including transport costs, with a functional layout of the equipment and training for users. Discounts and VAT must be shown separately.

The contracting authority does not allow the submission of variants.

The criterion for the selecting of the most appropriate bidder is price. Subject to compliance with all technical requirements of the contracting authority will select a bidder who will offer the lowest bid price, including VAT and the price without VAT.

In the case that more bidders offer the same best price, the contracting authority will choose a bidder that will provide the shortest delivery time.

After adopting the report on awarding the public contract, the contracting authority shall send, in line with the provisions of Article 79 of the ZJN-2 to all bidders, its decision on awarding the public contract.

The refused bidder can submit, to the contracting authority, a request for an additional explanation regarding the decision on awarding a public contract. This request has to clearly state which issues should be additionally explained by the contracting authority, and it should be submitted within three working days of the receipt of the notification regarding the contracting authority's decision. If the bidder's request is not submitted duly, if it is incomplete and if it does not comply with the conditions for the submission of the additional explanation, the contracting authority shall dismiss the request. The contracting authority has to send the requested additional explanation regarding its decision, or a notification of the dismissal of the request, to the concerned bidder within three working days. The day of receipt of the additional explanation regarding the awarding of the public contract, or the day of the receipt of the decision on awarding the public contract if the request is dismissed are also the beginnings of the period in which a request for an audit can be submitted in line with the provisions of the Auditing of Public Procurement Procedures Act.

When sending out the notification on its decision, the contracting authority shall also invite the selected bidder to sign the contract in line with the specifications of the bid. If the selected bidder does not respond to this invitation (within 10 days of the receipt of the notification regarding the awarding of the public contract), it shall be considered that the bidder withdrew from the bidding procedure. In this case the contracting authority shall redeem the Tender Bond irrespective of the bidder's reasons for withdrawal.

The contract will be concluded with selected bidder.

The deadline for payment is 60 days from receipt of correct invoice implemented in two installments each 250000.00 Euros. The supplier will prepare adequate invoice that could be paid in two installments.

## **5. Delivery requirements and time limit for submission of tender**

The tender with all the required forms and attachments must be submitted in a sealed envelope in person Dr. Livija Tušar or by mail to the following address:

CO CIPKEBIP  
Centre of excellence for integrated approaches in chemistry and biology of proteins

Hereby agree and conclude the following

Sales agreement  
No.CO-JNVV-01/2013

Article 1

The parties acknowledge that

- a) The client implemented the contract by open procedure on the basis of the 25th Article of the Public Procurement Act ZJN-2 for the purchase of **Systems for crystal imaging** (hereinafter: the object of the agreement),
- b) The supplier was selected as the best provider for the delivery of the object of the agreement,
- c) Operation, the development of centre of excellence program, entitled Centre of Excellence for integrated approaches in chemistry and biology of proteins (operations no. OP13.1.1.2.02.0005), partly funded by the European Union, namely by the European Regional Development Fund. The operation is carried out under the Operational programme for Strengthening Regional Development Potentials 2007-2013, development priority: Competitiveness of enterprises and research excellence, policy priorities: Improving the competitive abilities of enterprises and research excellence. The operation is partly financed by the European Union through the European Regional Development Fund, up to 85%. Slovenian co-financing share is 15%.

Article 2

A supplier sells, client buys object of the agreement on the basis of pro-forma invoice no. \_\_\_\_\_ from day \_\_\_\_\_.

The supplier declares that the object of agreement is fulfilling all technical requirements of the client determined in the "Invitation to submit the tender", with contract code: 01-2013, dated 13 January 2013 and confirmed by the supplier in a statement of compliance with technical requirements, which is an integral part of tender documentation.

Article 3

The parties agreed that the contractual price for the object of the agreement is \_\_\_\_\_ EUR VAT is included and \_\_\_\_\_ EUR without VAT. Both agreed that the final contractual price includes the purchase price; value added tax (national bidders) and other potential costs that could incur until reception of the object of the agreement. The supplier shall provide

free-of-charge transportation of the equipment and its functional installation.

#### Article 4

The delivery period for the equipment that is the object of the agreement is \_\_\_\_\_ days after the signing date of the sale agreement.

The client shall sign the handover note after establishing that the correctly delivered equipment has been properly installed and that the supplier presented to the client the warranty certificates.

#### Article 5

The supplier account the invoice after delivery of the object of the agreement and the client pays it within 60 days in two installments each of 250000.00 Euros. First installments will be paid in 30 days after delivery of the equipment. The second one will be paid in next 30 days. #### Article 8

The parties agreed that they would fulfill all requirements to execute the agreement.

Each Contracting Party may propose amendments to this sale agreement. Amendments shall be valid only if made in writing as an annex to this sale agreement.

#### Article 9

In the case that the contracting parties cannot settle a dispute by common consent, they shall abide by the decision of the competent court in Ljubljana.

#### Article 10

The sale agreement is drawn up in two identical copies so that each contracting party receives one copy. This agreement comes into force on the day when it is signed by both contracting parties.
